## TREM CARD

1. PRODUCT: : - N ETHYL ORTHO TOLUIDINE ( N.E.O.T. )

2.PROPERTIES:

|                               |                       |
|-------------------------------|-----------------------|
| Appearance                    | Pale Yellow Liquid    |
| Density (g cm <sup>-3</sup> ) | 0.93                  |
| Flash point                   | 88 c ( 190.40 deg f ) |
| Explosion limits              | Not available         |
| Auto ignition temperature     | Not available         |
| Water solubility              | Insoluble             |
| Toxicity                      | Not available         |
| Nature of Hazard              | Not available.        |
|                               |                       |

3.PROTECTION DEVICES :

|                          |                                                                                                                   |
|--------------------------|-------------------------------------------------------------------------------------------------------------------|
| Respiratory Protection   | Use cotton Mask                                                                                                   |
| Other Protection Devices | Use Hand gloves, safety goggles Gumshoes and PVC apron.                                                           |
| Emergency Action         | Incase of spillage /leakage collect the material Into container Flush the contaminated area with Plenty of water. |
| Fire Fighting            | Material is Non-flamable.Incase of surrounding Fire , cool the container by water spray.                          |

4.FIRST AID :

|            |                                                                                                               |
|------------|---------------------------------------------------------------------------------------------------------------|
| Skin       | Wash the contaminated part of body with plenty Of water for minimum 15 minutes . Consult Doctor if required . |
| Eye        | Flush eyes with water and consult doctor Immediately.                                                         |
| Inhalation | Shift the victim in fresh air and consult Doctor.                                                             |
