

Finished Goods Analysis Report

Product	N-Ethyl-o-toluidine		Batch No.	FG - 51-B / 003 / 25
Product Code	FG-51-B	Grade	(each know impurity NMT 0.1%)	
Alias	N-Ethyl-2-methyl aniline, 1-ethyl-2-toluidine		In House Spec No.	Spec/FG-51-B/2
			Date of Expiry	NA
Date of Mfg.	03 Aug 2025	Date of Testing	15 Sep 2025	
Storage	Do not expose to direct sunlight Nitrogen blanketing in the drum.		Date of Retesting	03 Aug 2026
			Storage Temperature	Ambient

Physical Properties

Test	Method	As per in-house specifications	Test Value	Test Result
Appearance	Visual	Pale yellow to Brownish, Clear, Liquid	Pale yellow, Clear, Liquid	Pass

Identification of Product

Test	As per in-house specifications	Test Value	Test Result
GC	Retention time (RT) of main peak should match with Standard	Complies	Pass

Chemical Composition

Components	Method	As per in-house specifications		Test Value	Test Result
N-Ethyl-o-toluidine	GC	99.500	area % min.	99.897	Pass
o-Toluidine	GC	0.100	area % max.	0.067	Pass
N,N-Diethyl-o-toluidine	GC	0.100	area % max.	0.000	Pass
N-Ethyl-p-toluidine	GC	0.100	area % max.	0.000	Pass
N-Ethyl-m-toluidine	GC	0.100	area % max.	0.000	Pass
Unknown Impurities	GC	0.200	area % max.	0.036	Pass
		Total		100.000	
Total Impurities	GC	0.500	area % max.	0.103	Pass
Moisture	KF	0.200	w/w % max.	0.148	Pass

Result : Complies with specifications

Note: NA
