CONTRACT MANUFACTURING

- Active Pharmaceutical Ingredients (API)
- Registered Starting Materials
- Advanced Intermediates
- Active Ingredients
- Agro Intermediates
- Specialties

Inventys is a research-based company with expertise in development, scale-up and manufacturing of chemicals for Pharmaceutical, Crop Protection, as well as other Fine Chemical applications.

INTEGRATED SITE

The Butibori site at Nagpur is one of the core assets of Inventys. The integrated site provides state-of-the-art competence from R&D up to commercial scale manufacturing.

From Concept

- Synthesis Strategy to Process development
- Scale up to Commercial Production

R&D

R&D is a cornerstone of our strategy to offer tailor made services based on competence in handling challenging chemistry and developing state-of-the-art processes. Inventys respects all intellectual property and strictly enforces own Intellectual Property Protection Policy.

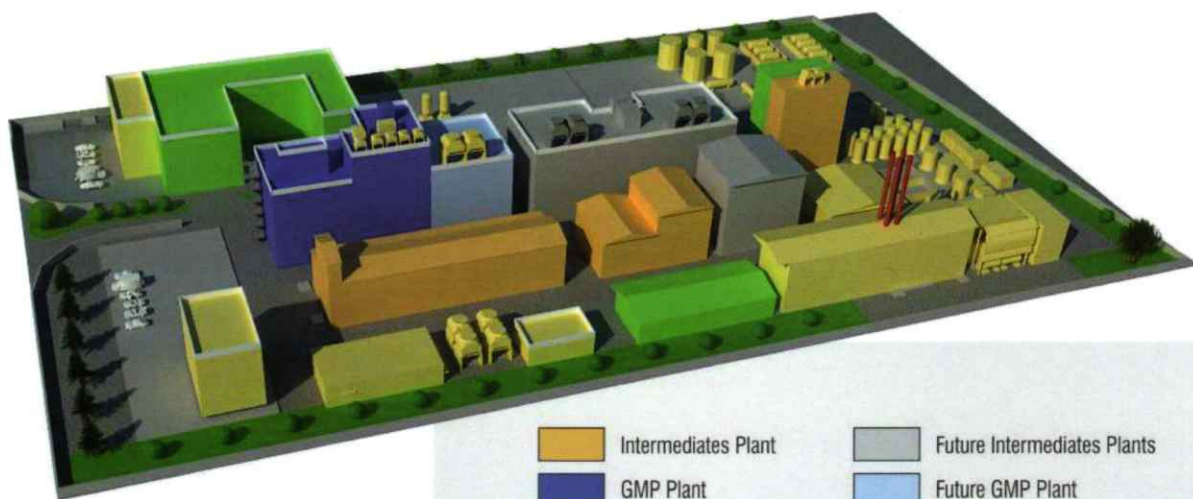

Kilo Lab

Inventys provide state-of-the-art competence in process R&D, small to medium scale manufacturing conforming from ISO up to GMP-standards; as well as analytics and quality control.

ACCREDITATIONS

	Intermediates Plant		Future Intermediates Plants
	GMP Plant		Future GMP Plant
	R&D and Scale-up Facilities		Utilities, Tank Farms, Warehouses

To Manufacturing

- Continuous Improvement
- Quality Assurance & Quality Control

Pilot Plant

Inventys delivers customized manufacturing services as value adding solutions for innovative, established, and emerging Lifescience Companies, and innovative supplier in dynamic specialty chemical markets.

Manufacturing Facilities

Our core values revolve around passion for the science of chemicals manufacturing, being a solution provider for our customers and adhering to fair business practices. We are committed to deliver on-time, in-full and in-spec solutions, and continuous improvements of our services.

SUSTAINABILITY

Inventys practices responsible behaviour towards society, environment & people. We are committed to constantly improve Quality in our products, services and our business processes. Health and Safety of our employees, customers, contractors and the society are an integral part of our policy.

Why Inventys

because chemistry is what defines our company and our work!

Inventys is one of the leading specialty chemical manufacturing company, serving both a sizable domestic market and an expanding global market. Its rich business domain experience in chemistry enables it to speak the same language with customers and understand their business needs easily.
